Old (Other) Business

Modeler of the year plaque given to Joe Mccarey's wife, she agreed to keep it here at VTS.

New Business - Membership roster- Still being updated, but once it is updated an active member list will be posted at the field (Names only) and each member will be provided with a list containing additional contact information.

Meeting Adjournment 8:15

Show and Tell - A 1946 twin plug cyclone gas engine was displayed. It was state of the art in its time and was complete and workable except for the ignition system which in its 1946 state obviously needed updating.

Editors Note: Winter is pretty much of a dead time, especially with the snow on the ground. It should not be a dead time when it comes to those expensive batteries. If they were low when you used them last, they could go dead if not properly looked after. A light charge probably wouldn't hurt.

The upcoming Northern Virginia auction will be held at the WT Woodson High school on March 28th. Note the new location near directly opposite the Fair Oaks Mall in Fairfax.

Wanted/Sell/ Trade Giveaway

If you have and item that you want to Sell/Trade/ Giveaway/ or just need, please contact me with a description of the item, terms desired (price/Trade, etc) and enough contact information for the club membership to contact you if they are interested. A picture would even work. I would hope that this will be a regular item if sufficient interest is shown. (E-mail-dobieggil@aol.com)
