July's Fun Fly

Well our July Fun Fly was a wash. Not because of the weather but from a lack of participation. The sky was slightly overcast but it never rained and turn out to be a great flying day. The prizes for the event will be used for another event.

Inside this issue:

July Fun Fly	1
Next Meeting	1
Meeting Minutes	1
Float Fly Anyone	2
Volunteer Needed	2

If we don't show that we want to support these events than we wont be as fortunate next year when it comes to club funding. Come support your club at our next Fun Fly on August 15 @ 1:00 pm. Prize will be awarded for top 3 finishers. A Inclement weather decision will be made at 11:00 am. You can also call James Bingham or Scott Huff for further details.

Next Meeting

The next club meeting is August 12, 2004 at 7:30. Location is at VTS Productions.

Club Officers

President

Jim Chandler
president@famac.org
(540) 368-2063

Vice President

Jim Braithwaite
(540) 891-8988

Secretary

Ed Russell
secretary@famac.org
(540) 786-5454

Treasurer

Hank Mausolf
treasurer@famac.org

Meeting Minutes

The Fredericksburg Aeromasters Club met at VTS Productions on July 8, 2004. The minutes were read and approved. The Treasurer's report was read and approved

Old Business

Vice President, Jim Braithwaite, cautioned members to always use a channel pin when flying. This is very important for safety and control. Return pin after use.

New Business

President, Jim Chandler announced, the next Fun Fly is scheduled to be held on Sunday, July 18, at 1:00 P.M.

Bernard Arnold and Doug Smith made a motion to adjourn. So voted.

Float Fly Anyone

Flying off water is a blast! It's an exciting element of model aviation that everyone should try at least once. The Fredericksburg Aeromasters Program Directors would like to host a Float Fly in July or August. Potential dates will be released as soon as we secure a flying site. The intent is to keep the event small, however an invitation will be extended to some of the other clubs in the area. If you haven't flown off water before and don't want to invest the time and/or money to convert one of your aircraft, you should still attend this event! The club trainer will be fitted with floats and a .46 engine so you can give it a try. Instructors will be available via the buddy box if you need it. Please contact Scott Huff (540.809.9334) if you have any questions regarding this event. You can also visit the following website.

Volunteer Needed

While it has been a pleasure to publishing Talespins, I can no longer give it the attention it and the club deserves. I am looking for a volunteer to take over the Newsletter Editor duties. I will be glad to show you how it is setup and assist as needed to get it setup on your systems. Please contact me if you are interested.(540)786-6632
