

Fredericksburg Aeromasters Club Meeting Minutes

March 14, 2026

Attendance: .

- Jimmy C, Tom T, Dave K, Bob K, Tony D, Colin U, Kevin B, Dan C, Dale H, Mike P

Secretary's Report:

- Our Club Charter Renewal and Leader Club Silver Application have both been submitted for 2026.

Treasurer's Report:

- Club Charter Renewal dues of \$135 paid to AMA.
- Donation to the Fredericksburg Food Bank made for \$75.
- New Mower Donations being held in Escrow until purchase decision is made.

Safety Report:

- No new incidents reported, please continue to fly safely.

Webmaster Report:

- No updates to report.

Training Report:

- No training activity to report since last meeting.

Field Report:

- Tom will check our deep cycle batteries with a load tester and report the results back to the club. The solar panels are operating fine.
- Unidentified individuals may be performing inspection work on the flying field. Tread marks were left on the South end of the runway.
- Bush Hogging has been performed by a volunteer around the perimeter of the runway.
- Deere lawn tractor has had its oil changed and will be getting a new belt. Scotts is fine and ready for the new mowing season.
- Tom will remove the glow plug charger station due to lack of use.
- Canopies will be installed during a work party planned for the first Saturday of April.
- Jimmy contacted AMA for assistance with finding a new flying field.
 - AMA pledged to help with discussions between us and the EPA for potential use of Super Sites available in the Fredericksburg area.
- Kevin has secured an agreement with a local commercial mower salesman offering us a discount. He has also placed Aeromaster business cards at a local hobby shop.

New Business:

- Dare Day
 - Dave has scheduled us to support Dare Day with 4 of our members. No more support is needed at this time.
- Spring Fun Fly Planning
 - Will discuss with Rob.

Our next club meeting is scheduled for April 18th at Stafford Regional Airport

- 11am Cookout prior to the meeting.
- 12pm Meeting.

Spring Field Cleanup and Prep work is scheduled for April 4 at the flying field

- Please try to attend and help prepare our flying field for the 2026 flying season!
